WORLD FOOD DAY

OCTOBER 16th

World Food Day, now in its 26th year, is observed worldwide. In the U.S., the 450 private, voluntary organizations which make up the U.S. National Committee work together with thousands of community organizers and hundreds of colleges to increase awareness, understanding and year-around action on the critical issues of hunger and food security in the United States and around the world. To find out how you can become involved, contact us or visit our website www.worldfooddayusa.org.
